

Environment Policy

Equipserv UK Ltd recognises the social and economic importance of protecting the environment; that its commitment to this must encompass all activities and that it should be prepared to lead by example in promoting a sensitive, considered attitude to the environment. Our approach to managing our environmental issues is compliant to ISO 14001:2015 & ISO9001:2015 Integrated Documentation

Aims

- To achieve good environmental standards in all activities including the reduction, re-use, recycling and disposal of waste.
- To make economic use of energy, water and transport usage to minimise waste in all aspects of the business function.
- To regularly assess the environmental impact resulting from business operations and to remain fully informed of recognised best practices.
- To communicate this Environmental Policy and Action Plan updates to all interested parties including customers, suppliers and employees, encouraging their active involvement in environmental issues.

Responsibility

The Board of Directors of Equipserv UK Ltd has the overall and final responsibility for the Environmental Policy with the Quality Manager and his fellow Directors being responsible for the co-ordination, implementation and monitoring of the policy throughout the organisation. The Environmental Policy and Action Plan update will be communicated to all staff and a copy will be displayed on the staff notice board, with each staff member taking responsibility for ensuring the company satisfies and meets its commitment in the delivery of its Environmental Policy with Copies being made available to customers on request. The policy will be reviewed quarterly at Board Meetings and at monthly management meetings with any agreed updates being cascaded throughout the company.
